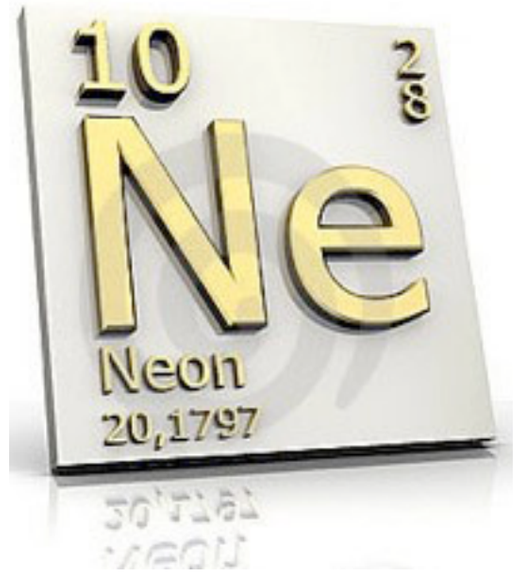
Remote Online Document Analysis Network

NEON.js

Neume Editor ONline



Neume Notation Editor

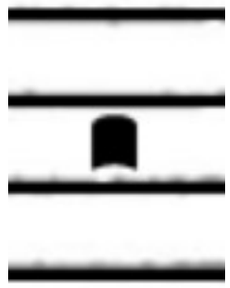
A web-based music notation editor for square-note (neume) notation

Liber Usualis

Salzinnes Antiphonal

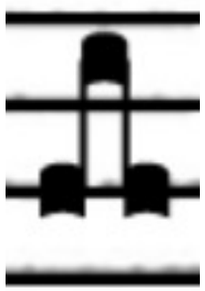
Square-note Notation

This is a neume:

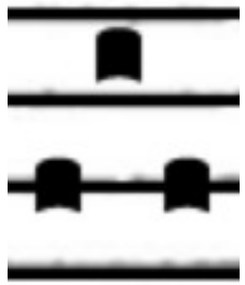


punctum

This is also a neume:



torculus



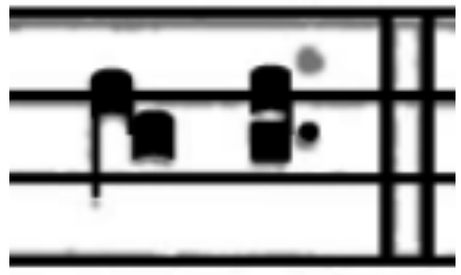
underlying notes

Project Aim

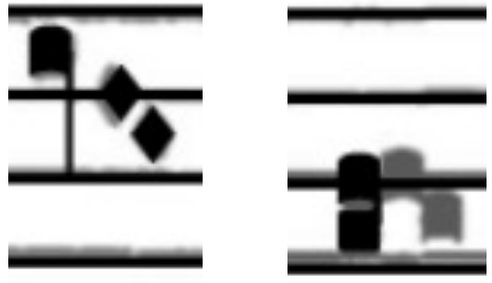
Allow the user to fix Optical Music Recognition (OMR) errors.

1. Pitch and position errors

2. Ornamentation errors



3. Neume recognition errors



Project Aim

1. Editor can be accessed through a web browser

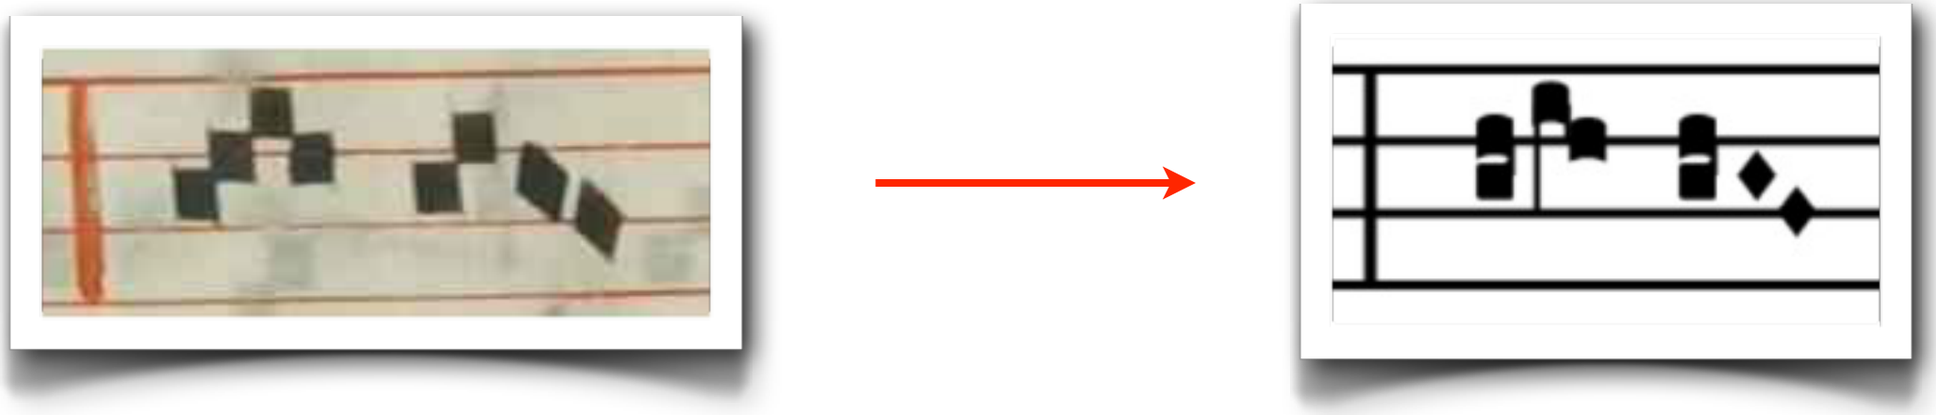
2. Interface that requires minimal musical knowledge to fix OMR errors

3. Edit properties of individual notes within complex neumes

4. Modify underlying symbolic music file: MEI

Software Design

- Pluggable drawing libraries for different manuscripts



Salzinnes Antiphonal

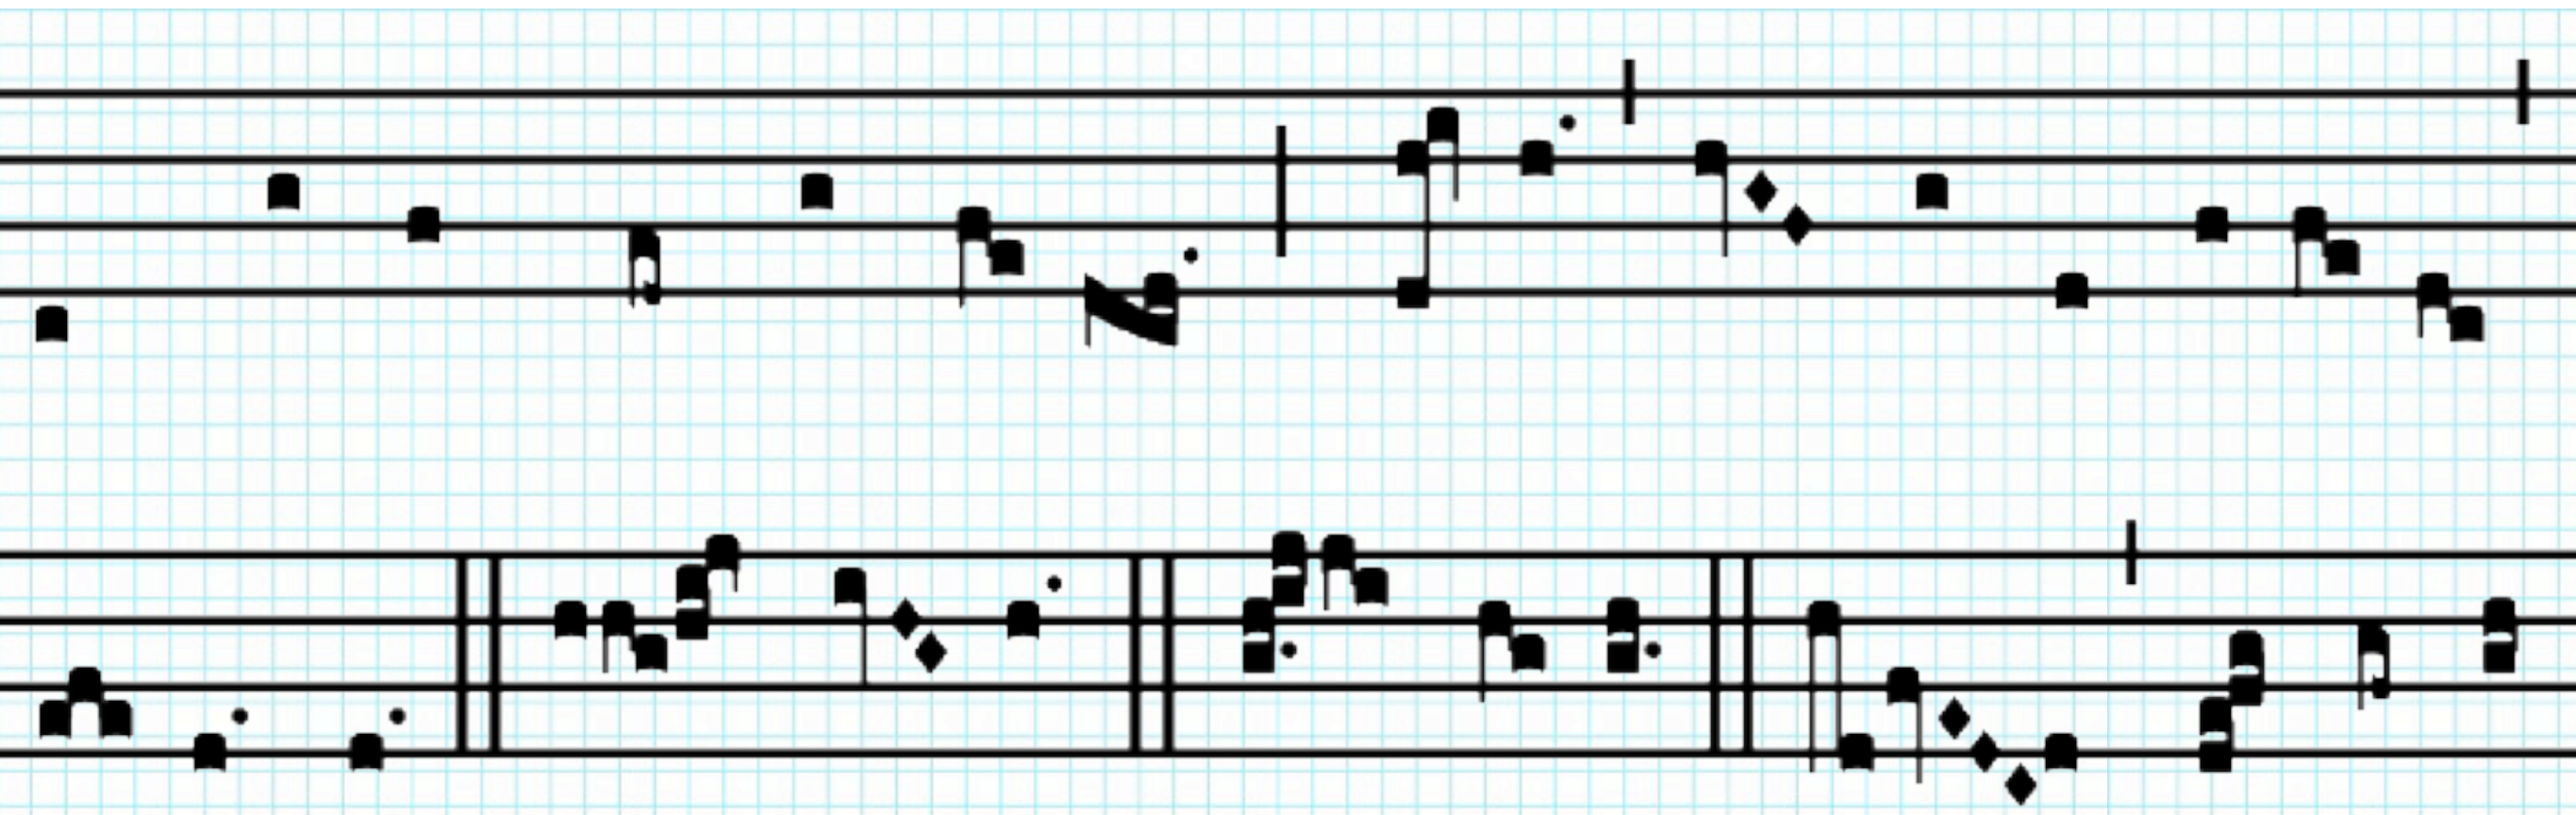
Liber Usualis

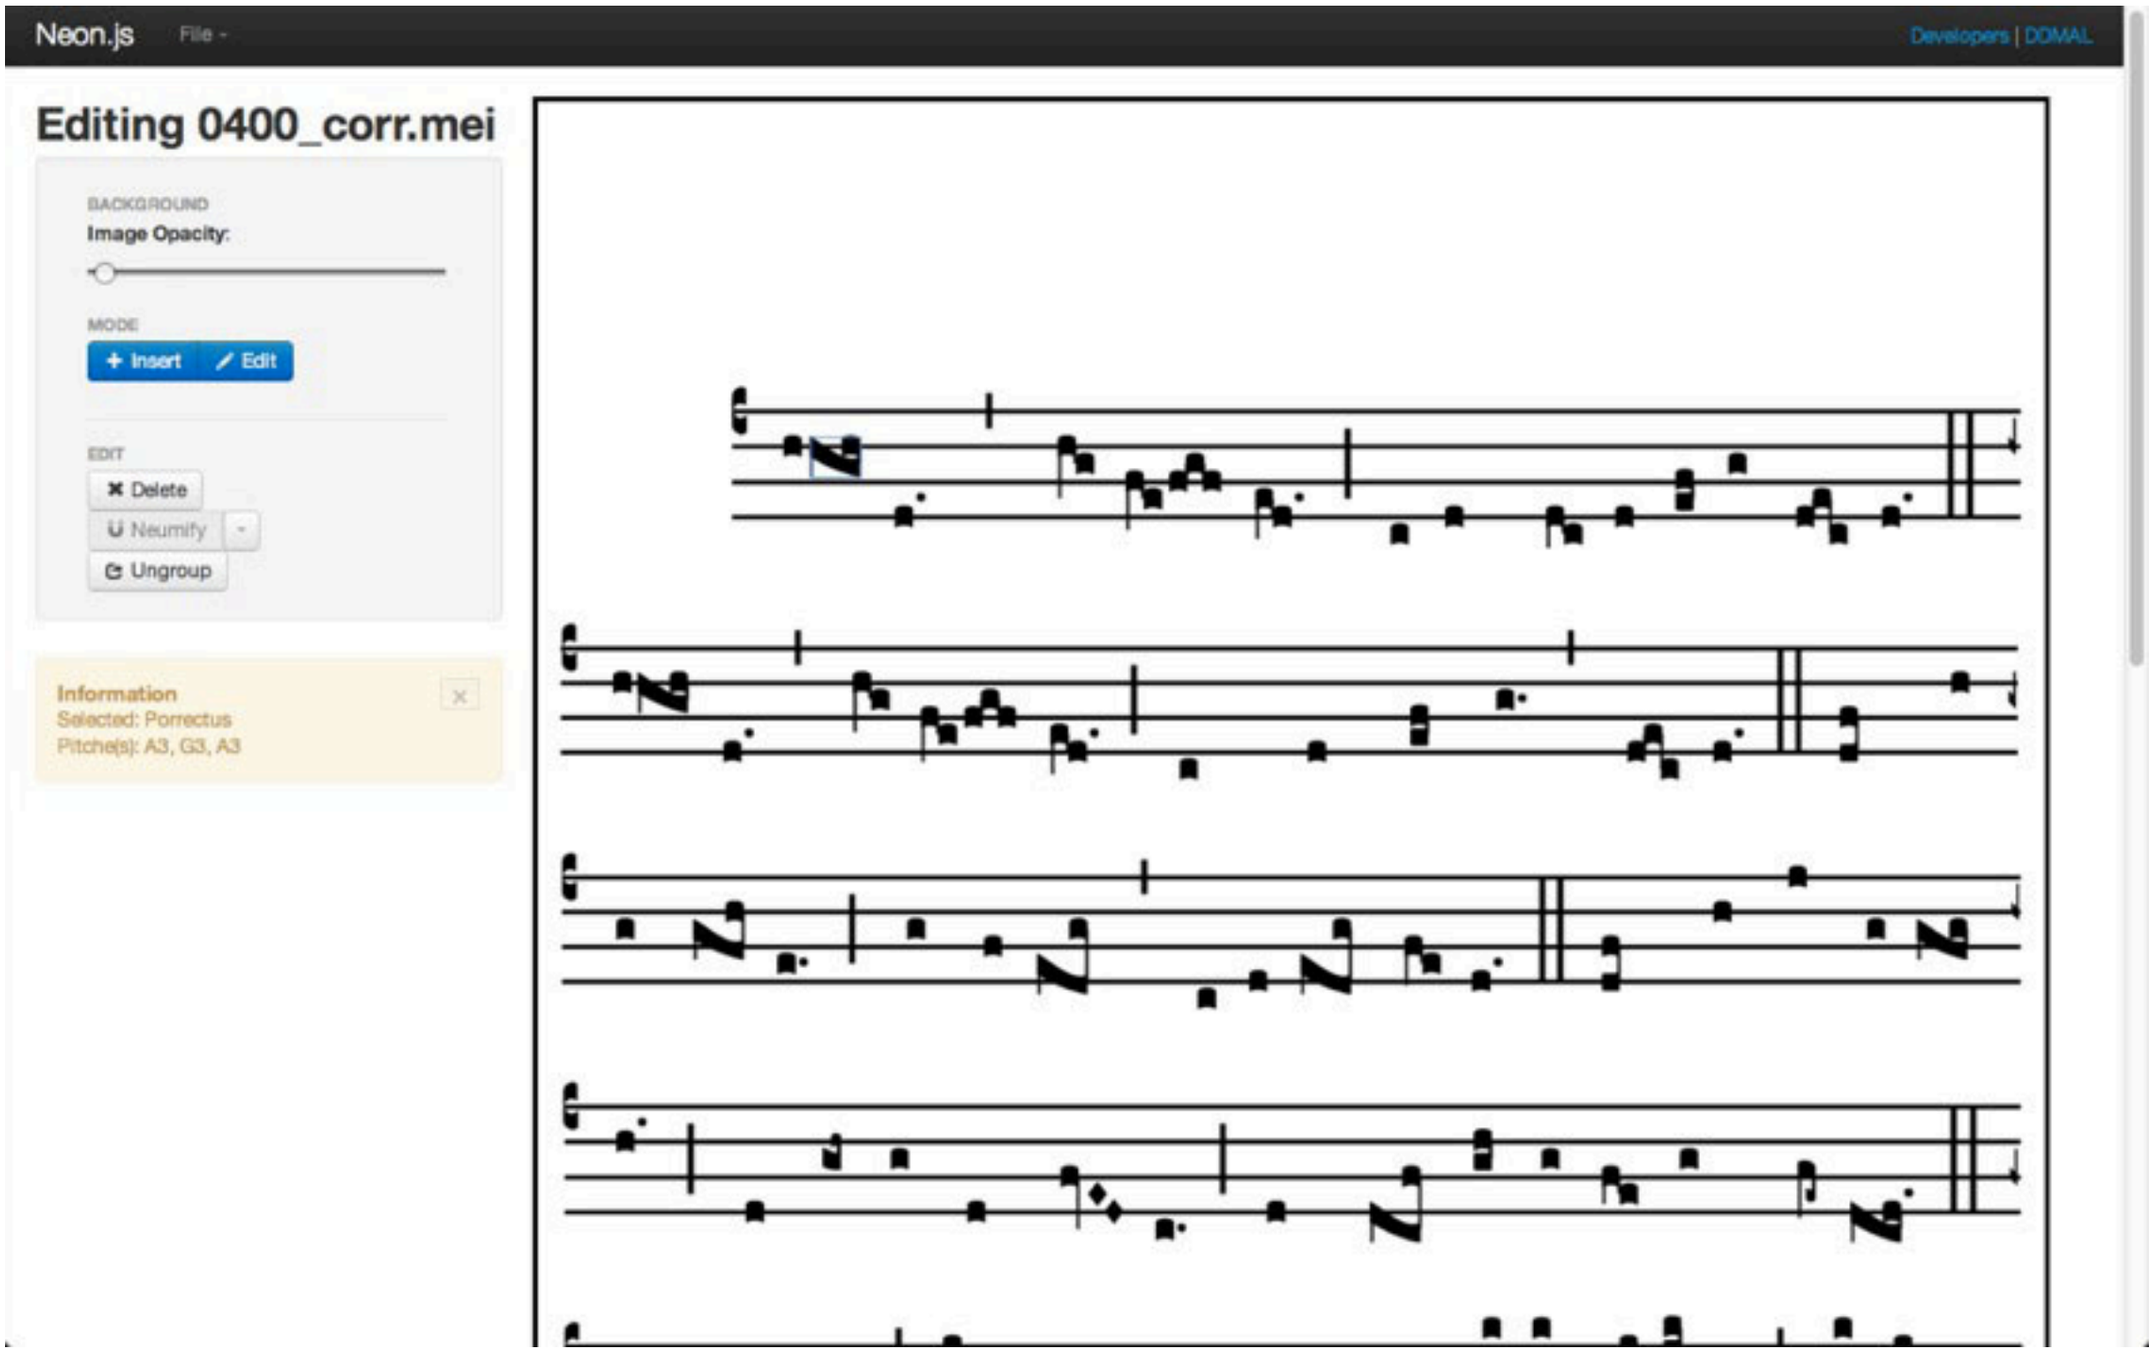
- Client-server architecture

Technical Details

- Drawing in the web browser

  MEI ⟶ HTML canvas and SVG





Neon.js Editor
